## PROFILE SUMMARY

Product Manager with hands-on 0-to-1 experience owning the full product lifecycle, from discovery and user research to PRD writing and deployment. Shipped live AI products validated through 25+ user interviews, including a WhatsApp AI agent deployed at a 300-person wedding and an LLM workflow eliminating post-meeting overhead for product teams. Conducted a product audit of District's Amusements and Activities vertical and built a complete portfolio including two PRDs, a GTM plan, and an opportunity brief for District Play. Comfortable with ambiguity, fast iteration, and cross-functional collaboration. Looking to grow as a PM at a high-scale consumer tech company.

## EXPERIENCE

**Echor Trip** : Product Lead - Entrepreneurial Initiative Project [Link](#) Apr 2025 – Apr 2026

- Identified real traveller pain point, not budget constraints, but generic packages misaligned to user interests. Defined product vision, wrote the PRD, and built decision flows replacing 'standard itinerary' fatigue with personalised, high-confidence experiences.
- Conducted **25+ user interviews**; synthesised insights into structured decision flows, transparent pricing UI, and personalised experience mapping. **Tested prototype with 50+ users** using structured feedback loops.
- Achieved 40% faster trip decision time** in offline bookings, measurably higher user confidence, and **20+ qualified trip** inquiries in month one. Delivered full PRD and end-to-end product case study.

**AIESEC In Jaipur** : Senior Manager, Global Corporate Sector Operations (Youth led organisation) Aug 2024 – Present

- Promoted from Junior Business Developer Coordinator in 6 months**; owned 30+ global partner matching cycles and IR calls with entities across 10+ countries, developing strong cross-functional and stakeholder management skills.
- Rebuilt matching SOP from scratch, team **output grew 5x**; onboarded 25+ partner companies through structured requirement-scoping and streamlined hiring workflows.
- Led entity to **#1 nationally at AIESEC Conference Hackathon, closed 35+ partnerships in 48 hours**. Recognised as Best Senior Manager (R&R).

**JECRC Incubation Center** : Product & Operations Associate - Founder's Office Sep 2024 – Mar 2025

- Worked directly with Founder tracking deliverables across 12+ workflows; planned and executed incubation events for 1,500+ attendees, sharpening execution, timeline management, and prioritisation skills.
- Coordinated across mentors, founders, and departments to align requirements, resources, and timelines, improved overall execution reliability and cross-team communication.

**Freelance Web Developer** Apr 2022 – Sep 2024

- Delivered **30+ end-to-end website projects from age 16** across Travel, Fintech, and SaaS, full lifecycle from client brief to deployment, building strong ownership and product sense.
- Built responsive, conversion-optimised interfaces using HTML, CSS, JS; implemented backend logic and workflows using PHP and MySQL, giving me technical grounding to collaborate effectively with engineering teams.

## PROJECTS

**Wedding Butler** : Autonomous AI Guest Coordinator [Link](#)

- Problem:** Wedding hosts lose their entire event day to repetitive guest queries handled manually, distracting them from their own event itself.
- Built:** WhatsApp AI concierge backed by an intent engine, RAG system, and automation triggers, autonomously handling guest communication, scheduling, and real-time coordination.
- Outcome:** Tested live at a 300-person wedding, zero host intervention on the day; all guest queries, alerts and coordination handled end-to-end by the AI.

**PM Copilot** : AI Post-Meeting Execution Workflow [Link](#)

- Problem:** PMs lose 2–3 hours after every meeting converting discussions into action items, prone to misinterpretation, missed decisions, and execution delays.
- Built:** LLM-powered workflow that ingests raw transcripts and outputs validated summaries, prioritised task lists, Jira tickets, Notion docs, and stakeholder emails in one automated run.
- Outcome:** Eliminated post-meeting overhead and conflicting actions; improved decision-to-execution clarity for product and cross-functional teams.

**AI Business Consultant** : (In Progress)

- Building:** An AI that reasons through business problems like a senior consultant, structured problem decomposition, strategic frameworks, and actionable output for SMBs who can't afford enterprise consulting fees.

## ACHIEVEMENTS

- Ranked 1st, AIESEC National Conference Hackathon, highest approvals in Global Volunteer & Talent domain across all Indian entities.
- 2nd place, AIESEC Jaipur Winter Conference Hackathon, onboarded 18 clients and closed 35+ deals within 48 hours.
- Recognised as Best Senior Manager (R&R) at AIESEC for consistent leadership and execution performance.
- Finalist, Smart India Hackathon, built a working prototype and structured a complete solution workflow for a real-world problem statement.

## SKILLS

**Product Management:** Product Discovery, MVP Scoping, Roadmapping, Competitive Analysis, OKRs, KPIs, A/B Testing, PRD Writing, Feature Prioritisation, User Story Mapping

**AI & Emerging Tech:** LLMs, NLP, Retrieval-Augmented Generation (RAG), Prompt Engineering, Generative AI, AI Workflow Design, AI Agents

**Research & Strategy:** User Interviews, Insight Synthesis, Journey Mapping, Stakeholder Management, Cross-functional Collaboration

**Technical:** Python, SQL, MySQL, HTML, CSS, JavaScript, PHP, NodeJS sufficient to collaborate closely with engineering teams

## TOOLS

**PM & Execution:** Jira (sprint planning & backlog), Notion (PRDs & OKRs), Trello (kanban), Asana (cross-team task management)

**AI Tools:** Claude Code (rapid prototyping & automations), ChatGPT (ideation), Perplexity (market research), NotebookLM

**Design:** Figma (wireframes & prototypes), Canva (decks & assets), Adobe Creative Cloud (brand design)

**Analytics & Reporting:** PowerBI (dashboards & KPI visualisation), Google Workspace (docs, sheets, collaborative execution)

## EDUCATION

**JECRC University** Bachelor of Computer Applications (BCA) Ongoing | Jun 2023 – Jun 2026

**Maheshwari Public School** : Class XII (CBSE) 84% | Class X (CBSE) 82%
